

What **junior lenders** say about Linda's workshops...

State	Name	Position	Company	Quote
WA	Brian Kuh	Branch Sales Manager	American Marine Bank	Even for a 'greenhorn', this course was beneficial in that it explained how to glean relevant information from a 1040.
CO	Beverly Dowling	Real Estate Manager	Wyoming Employees Federal CU	Great class for the novice that has never even prepared a tax return. Learned how to read return and what it means. Would highly recommend class to others.
OR	Patty Easton-Mace	Loan Analyst Officer	Intervest Mortgage	Coming in with very little knowledge, I found the whole program useful.
WA	Rebecca Williamson	Loan Support Specialist	Pierce Commercial Bank	The manual, notes and case studies were very helpful. The class was a great stepping stone for new and experienced lenders.
CO	Eric Jones	Banking Officer	First Bank	The course had layers of difficulty allowing for basic information and more advanced. There is nothing needing improvement.
WA	Terri Stefnik	Operations Officer	Frontier Bank	Excellent place to start.
CA	Caryl Hallen	Credit Analyst	San Jose National Bank	After a year of working as a credit analyst, this class made so much fall into place and will make my work much easier, understandable and accurate. Thanks!
